PROCEDURES

This guide has been prepared by Football NSW to serve as a reference for Associations on Match Day regarding the entering results for the State Cup.

It is the responsibility of Associations to enter State Cup results into Sports Technology Group.

Results are to be entered into the Sports Technology Group between 4.00pm and 6.00pm on the night of the game.

Association officials Sports Technology Group access will remain from last season. However, if you do not have a STG Passport or are new this season you will need to register for a Passport to gain access to Sports Technology Group. Access is provided on an individual basis, not a generic Association login.

If you have not set up an SP Passport account you will need to do so by going to the following link and registering for an account <https://passport.sportstg.com/account/>

After you have set up your account you will receive an automatically generated email from Sports Technology Group asking you to confirm your email address by clicking on a link.

To gain access please contact Kim Burge on the details provided at the end of this document.

This document covers the following:

1. **Logging into Sports Technology Group;**
2. **Locating fixtures;**
3. **Entering results.**

Results will automatically upload to the website at times set by Football NSW.
