The Football NSW Registration Fee represents the financial contribution registered participants make to Football NSW to enable it to provide a wide range of programs, benefits and services to them and to the broader football community.

The Football NSW Registration Fee is made up of an Insurance Component and a Capitation Component.

The Insurance Component is the amount that we collect from each participant in order to cover the cost of the Football NSW Insurance Program which provides benefits including Personal Accident cover. The Capitation Component goes towards covering all of the other costs incurred by Football NSW in delivering services to its membership.

Schedule for Association Payments of Football NSW Fees

Initial payment

- Associations to pay 60% of the 2024 total registration fees by 30 April 2024 (the Tax Invoice for this 60% payment will be issued by Football NSW based on the new fee multiplied by 60% of the relevant Association's 2023 registration numbers);

Final payment

- Final registration fees will be calculated based on 2023 player numbers as at 30 June 2024;
- Registration data will be sent to Associations for confirmation in July 2024;
- Football NSW will provide Associations with time to review registration data and then issue invoices; and
- Payment of the balance of the amount due to Football NSW is to be made within 30 days from the date of invoice.

Identifying players to be counted for billing

Deregistration Deadline:

We have set a Deregistration Deadline of 30 April 2024 – if a player's deregistration is completed on or prior to 30 April 2024, we will not count them in their Association's billing total and will not bill the Association for their registration.

Counting process:

In counting the player data as at 30 June 2024, we will:

1. Count all Registered players – up to and including 30 June 2024;
2. Count all Deregistered players whose date of approved deregistration is later than the Deregistration Deadline (30 April 2024), and;
3. Count all players whose registration is Pending (Approval Required) or Pending (Awaiting Payment) as at 30 June 2024. We will issue guidance to clubs to ensure that they either approve or decline any pending registrations to ensure that they are accurately billed.

In order to ensure that we do not bill multiple times for any one player, we only bill the last billable registration for any player (i.e., the registration with the latest registration date).

Given that we will only bill the latest billable record, if a player registers with Club A, de-registers, and subsequently registers with Club B, we will bill against the registration at Club B.

Once we arrive at a final total player number for each Association, we will then multiply these player numbers by the above fees to arrive at our billing totals.
