NSW to have the Match deferred at least 24 hours before the Match (or does apply for deferral within the specified timeframe but approval is denied by Football NSW), the affected Team must:

- (i) participate in the Match, if necessary, by selecting Players from a lower grade who are eligible for selection in accordance with Section 3 (see articles 4 and 5); or
 - (ii) forfeit the Match.

- i) It is a condition of a Club's entitlement to seek Football NSW's approval to have a Match deferred in any of the circumstances described in paragraph (c) above that the Players who are unable to participate in the relevant Match are part of the current squad roster for the affected Team and are otherwise free of injury at the time that permission is sought.
- j) If a Club receives Football NSW's approval only for a 1st Grade Match to be deferred and the Club's Reserve Grade and/or Under 20s Matches proceed as scheduled, the following eligibility criteria apply:
- (i) in the Men's Competitions, 1st Grade Players must be eligible for selection in accordance with Section 3 article 4

 - (iii) in the League One Women's Competition, 1st Grade Players must be eligible for selection in accordance with Section 3 article 5 a) ii.
- k) If a Club receives Football NSW's approval for both its 1st Grade and Reserve Grade Matches to be deferred and rescheduled, both of the rescheduled Matches must be played on the same day.
- l) Teams must play rescheduled Matches as determined by Football NSW. If a Team fails to participate in a rescheduled Match, it will be deemed to have forfeited the Match and the procedure in Schedule 2 article 31(b) will take effect.
- m) If Football NSW is unable, for whatever reason, to reschedule a Match that has been deferred in accordance with this article 2 within the Premiership calendar, a "no result" will be recorded.
- n) In circumstances where Football NSW has determined that a complete Round of a Competition cannot proceed for COVID-19-related reasons, that Round will be postponed and rescheduled by Football NSW, provided that it can be played within the Premiership calendar. If a postponed Round cannot be played within the Premiership calendar, it will be cancelled.
- o) In circumstances where Football NSW has determined that a Championship Match cannot proceed for Covid-19-related reasons, that Match will be cancelled and the highest-ranked Team, based on the Premiership table standings at the end of the Premiership, will be deemed the winner of the Match.
- p) In circumstances where Football NSW has determined that a Grand Final of a Competition cannot proceed for COVID-19-related reasons, the Match may be rescheduled, provided that, as determined by the Football NSW Executive in its absolute discretion, it can be played within a reasonable period of time after the original Match date. If the Grand Final cannot be played within a reasonable period of time, it will be deemed a cancelled Match and there will be no Champion of the Competition.

3. Recommencement/Delayed Commencement of Competition

The following principles will apply when a Competition recommences after having stopped, or its commencement is delayed, for any reason related to COVID-19:

- a) If two (2) to four (4) Rounds of the Premiership have been postponed by FNSW under this Schedule 5, a minimum

of seven (7) days will be allowed by FNSW for Teams to train and prepare for the recommencement of the Competition.

- b) If five (5) or more Rounds of the Premiership have been postponed by FNSW under this Schedule 5, a minimum of fourteen (14) days will be allowed by FNSW for Teams to train and prepare for the recommencement of the Competition.
- c) If the FNSW Executive determines that, upon the recommencement of a Competition, or upon the delayed commencement of a Competition, it will not be possible for all of the remaining Rounds of the Premiership and/or postponed Matches (if any) in that Competition to be played before the scheduled end of the Season, the FNSW Executive will determine, in its absolute discretion, how many (if any) and which of the remaining Rounds and/or postponed Matches (if any) will be played.

4. League Tables and Points – Premiership

In circumstances where the FNSW Executive has determined that a Competition cannot be completed for COVID-19-related reasons, the following principles will be applied to determine the final standings for the Premiership:

- a) A Team will only be recognised as premiers of a Competition, and premiership trophies and medals will only be awarded, if at least 50% of the Premiership has been played at the time when the FNSW Executive made its decision not to recommence that Competition.
- b) If at least 50% of the Premiership has been played at the time when the FNSW Executive makes its decision not to recommence the Competition and every team in the Competition has, at that time, played the same number of Matches, the final standings for the Premiership will be determined in accordance with Section 2 article 10.
- c) If at least 50% of the Premiership has been played at the time when the FNSW Executive makes its decision not to recommence the Competition but the Teams in the Competition have not played an equal number of Matches, the final standings for the Premiership will be determined by means of the average points per game formula (PPG), as follows:

PPG = Number of points/Number of Matches played

Examples

The 16 Teams in the NPL Men’s Competition were scheduled to play a total of 240 Matches in the Premiership but, for COVID-19-related reasons, the FNSW Executive decided to stop the Competition and it cannot be recommenced.

Example 1: Every Team had played the same number of Matches at the time of the stoppage

- If, at the time when the FNSW Executive makes its decision not to recommence the Competition, a total of 120 Matches (50% of the Premiership) have been played and every Team has played the same number of Matches, the final standings for the Premiership will be determined in accordance with Section 2 article 10, based on the results of the 120 Matches played.
- If, at the time when the FNSW Executive makes its decision not to recommence the Competition, a total of 192 Matches (approximately 80% of the Premiership) have been played and every Team has played the same number of Matches, the final standings for the Premiership will be determined in accordance with Section 2 article 10, based on the results of the 192 Matches played.

Example 2: Not all of the Teams had played the same number of Matches at the time of the stoppage

- If, at the time when the FNSW Executive makes its decision not to recommence the Competition, the Teams have collectively played a total of 120 Matches (50% of the Premiership) but the Teams have not played an equal number of Matches, the final standings for the Premiership will be determined by means of PPG, based on the Matches then played, and the number of points then accrued, by each of the Teams.

-
- If, at the time when the FNSW Executive makes its decision not to recommence the Competition, the Teams have collectively played a total of 192 Matches (approximately 80% of the Premiership) but the Teams have not played an equal number of Matches, the final standings for the Premiership will be determined by means of PPG, based on the number of Matches then played, and the number of points then accrued, by each of the Teams.

5. Promotion and Relegation

In circumstances where the FNSW Executive has determined that a Competition cannot be completed for COVID-19-related reasons, the following principles will apply in relation to promotion and relegation:

- a) In respect of the FNSW League One 1st Grade Men's Competition and the FNSW League Two 1st Grade Men's Competition, if at least 50% of the Premiership has been played in both of those Competitions, eligibility for promotion will be determined in accordance with Section 2 article 12, failing which, none of the Clubs competing in those Competitions will be eligible for promotion or relegation and the structures of those Competitions will not change for the 2024 Season.
- b) In respect of the FNSW League One Women's Competition, if at least 50% of the Premiership has been played in the Club Championship age grades (see Section 2 article 11a)iv), eligibility for promotion will be determined in accordance with Section 2 article 14, failing which, none of the Clubs participating in that Competition will be eligible for promotion or relegation and the structure of that Competition will not change for the 2024 Season.
- c) In respect of the Boys' Youth Competitions, if at least 50% of the Premiership has been played in the Club Championship age grades (see Section 2 article 11a)v), eligibility for promotion and relegation will be determined in accordance with Section 2 article 13, failing which, none of the Clubs participating in those Competitions, will be eligible for promotion or relegation and the structure of those Competitions will not change for the 2024 Season.

This Schedule 5 may be updated throughout the course of the 2024 Season at the absolute discretion of Football NSW.

Schedule 6: Player Points System – Men’s

- a) The Football NSW Men’s NPL Player Points System (PPS) applies to the NPL NSW Men’s, FNSW League One Men’s and FNSW League Two Men’s Competitions.
- b) The PPS distinguishes between two distinct types of NPL & FNSW Leagues Club Teams: those upon which an age restriction is placed (e.g. U16s, U18s, U20s) (NPL & FNSW Leagues Club Age-Eligible Team) and the NPL & FNSW Leagues Club’s senior Team, being the First Team.
- c) The Points Cap applies to each NPL & FNSW Leagues Club’s First Team Player Roster (First Team Player Roster) and this First Team is required to remain within the Points Cap at all times. A breach of the PPS during the Season, either via fielding an ineligible Player, falling below the minimum Player roster, or upgrading Players that result in “First Team” Players in excess of the maximum, will result in a forfeit by the offending Team.
- d) The maximum Points Cap is as follows for each Competition:
 - NPL NSW Men’s – 200
 - FNSW League One Men’s – 200
 - FNSW League Two Men’s – 200
- e) The Club(s) that is/are promoted into the NPL NSW Men’s, FNSW League One Men’s Competitions and FNSW League Two Men’s Competitions will be granted a twenty (20) point deduction. This points deduction only applies for the Promoted Club’s first Season following promotion.
- f) Each Player is, as a starting point, attributed a points value of 10 points, after which his points value is adjusted depending on certain characteristics which result in points being added to or deducted from the Player’s points value. A Player’s points value cannot be less than 0 points.
- g) Promoting Players from the NPL & FNSW Leagues Club’s Age-Eligible Teams onto the First Team Player Roster is permitted in limited circumstances as outlined further in the Explanatory Notes and Guidelines under First Team Player Roster Requirements.
- h) Two (2) returning Amateur Players born in 2003 who played with the same Club during the 2023 Season are permitted to sit outside the PPS roster.
- i) The following table details the points adjustment depending on the Player’s history:

Explanatory Notes

NPL, FNSW League One and FNSW League Two Club First Team Player Roster Requirements:

- At all times during an NPL, FNSW League One or FNSW League Two Season, a Club must include a minimum of 20 Players on its First Team Player Roster and may include a maximum of 23 Players on its First Team Player Roster.
- For the purposes of the PPS, playing in a Match is defined as taking the Field of Play (i.e. in the starting 11 or entering the field as a substitute). For the avoidance of doubt, it will not constitute playing a Match if the Player remains on the bench and does not enter the Field of Play.
- All Players must be registered in the appropriate age-category (where applicable). Any Player who during the 2024 Season exceeds the age-limit for the oldest Age-Eligible Team at a Club (e.g. U20), must be included on his Club's First Team Player Roster.
- In the case of Bulls FC Academy, all players must be registered or otherwise approved within the registration periods by FA and Football NSW in the appropriate age-category (where applicable). Any Player at Bulls FC Academy who during the 2024 Season exceeds the age-limit for the oldest Age-Eligible Team at that Club (e.g. U20) must be included on that Club's First Team Player Roster.

Youth Player

Please refer to the table below in respect to the relevant point deductions in the Youth Player category:

Player's Age as at 31 December in the 2024 Season	Points Deduction

20 years of age (2003 born)	-3

Australian Player

An Australian Player is any Player who is:

- (a) a citizen of Australia;
- (b) a Permanent Resident of Australia (where Permanent Resident means a person residing in Australia on a "permanent" visa class issued by the Australian Government, evidenced by either the person's Visa Grant Notice or as a listed entitlement on the person's online Visa Entitlement Verification); or
- (c) the holder of a refugee visa, humanitarian visa or protection visa issued by the Australian government. For further details see: <https://www.homeaffairs.gov.au/>.

Visa Player

- Member Federations and NPL Clubs are encouraged to refer to the following website for further clarification regarding visas: <https://www.homeaffairs.gov.au/>.
- For the purposes of the PPS, a New Zealand Citizen is classified as a Visa Player unless he satisfies the definition of an Australian Player. Please refer to the Department of Home Affairs for further clarification regarding the visa status of New Zealand Citizens in Australia: <https://www.homeaffairs.gov.au/>.
- Any Player participating in the NPL or FNSW League One with a A-League Club who has been permitted to play in the Foxtel Y-League as an "FYL Australian Player" will, for the purposes of the PPS, be deemed an Australian Player.

Homegrown Player

- A Player does not need to register in continuous Seasons in a Club's Age-Eligible Teams to be eligible for Homegrown Player points.

Example: For a Player who was registered for the Club in the U14s and U16s but was not registered with the Club in the U18s to U20s, a total of two (2) points will be deducted from his points value for the current Season.

- A Player is eligible for Homegrown Player points at the same time as being eligible for Loyalty Player points. For the avoidance of doubt, a Player is eligible to receive a points deduction as a Homegrown Player where that Player was registered to the Club's Age Eligible Teams, prior to that NPL Club being granted a licence.

Example: Prior to Club A being granted a licence to participate, John Smith is registered to the age-eligible Teams of Club A between 2018 and 2021 in the State league Competition. On that basis, a total of four (4) points will be deducted from his points value for the current Season.

Loyalty Player

Example: A Player is registered with a Club's First Team in 2021, 2022 and 2023 (continuous Seasons). If also registered in 2024, he will be eligible to receive his first point reduction of one (1) point as a Loyalty Player in the 2024 Season.

- If a Player is not registered with any Club for a Season and subsequently returns to his last Club, the number of continuous Seasons of registering for that Club will be deemed to be continuous.

A Player was registered with the same Club in 2020, 2021 and 2022 (continuous Seasons), however was not registered with any Club in 2023. If the Player registers with that Club in 2024, it will be deemed to be his fourth continuous Season

with that Club.

- Should a Player move into a National Elite Pathway Team, the determination of the continuous Seasons of service will not be deemed to have ceased if he returns to his previous Club. During the Player's time in the National Elite Pathway Team, the calculation of continuous Seasons of service will be suspended.

Example: Player John Smith of Club A has been part of the First Team squad for three (3) continuous Seasons. He then moves to a A-League Club for two (2) years and then at the completion of his stint with that A-League Club, he returns to Club A. This Season with Club A will be deemed his fourth continuous Season.

Switching Player

Example: Where a Player was registered with a Club (former NPL Club) and subsequently registers with a Club that does not participate in the NPL, FNSW League One, FNSW League Two, A-League or FYL (non-NPL Club); and having not played for the non- NPL Club in a competitive Match seeks to register with a subsequent Club (Subsequent Club);

- (a) Football NSW may attribute Switching Player points for that Player upon registration with the Subsequent Club as if the Player had transferred directly from the Former Club to the Subsequent Club;
- (b) The Subsequent Club may apply to Football NSW to justify the reasons as to why Switching Player points should not apply.
 - For the purposes of Switching Player points, played means taking the Field of Play (i.e. part of the starting eleven or taking the field as a substitute).
 - Football NSW has the right to determine in its sole and absolute discretion as to whether Switching Player points will apply where the Member Federation is the Competition Administrator.
 - FA has the right to determine in its sole and absolute discretion as to whether Switching Player points will apply in the event that the Club qualifies for the national NPL Finals Series.
 - Switching Player points also apply for mid-Season registrations and transfers, including a Player promoted from a Club's Age-Eligible Team.
 - Where a Player is promoted from a Club's Age-Eligible Team (or equivalent) to a Club's First Team Player Roster during the Season, Switching Player Points will be applied where the Player's registration immediately prior (e.g. earlier in the 2024 Season) or in the previous Season was with another Club.
 - Where a Player is registered with a Club's Age-Eligible Team and switches to another Club's 1st grade Team, regardless of that Player playing in any 1st grade Matches at his original Club he also incurs Switching Player points
 - A Player that has not been registered with an NPL, FNSW League One or FNSW League Two Club for a period of 30 months from the date the Player made his or her last appearance for a Club in a Match will not incur a Switching Player penalty.

Pathway Player

- A Pathway Player is subject to all other categories of the PPS (other than the Switching Player category). For example, a Pathway Player is eligible for Loyalty Player points and Homegrown Player points.
- A Player who departs a Club for a National Elite Pathway Team and returns to the same Club will be classified as a Pathway Player provided the Player has remained within the National Elite Pathway for the duration of their absence from the relevant NPL Club.

Example A: Player history of John Smith – Eligible Pathway Player 2021 - Registered with United FC (NPL Club)

2022 Registered with Perth Glory (FYL)
2023 Registered with Brisbane Roar (A-League)
2024 Registered with United FC (NPL Club)

Example B: Player history of Mark Jones – Ineligible Pathway Player 2021 - Registered with United FC (NPL Club)

2022 Registered with Perth Glory (FYL)

2023 Registered with Thailand FC (Overseas)

2024 Registered with United FC (NPL Club)

Australian Marquee Player

An Australian Marquee Player is subject to all other categories of the PPS (e.g. Homegrown Player) but will not be subject to the Switching Player category:

- (a) Subject to paragraph (b) below, a Player may only be categorised as an Australian Marquee Player in his first Season with the NPL Club and for one (1) Season only in his career for that NPL Club. For the avoidance of doubt, a Player is not able to be an Australian Marquee Player in his second Season in the NPL with that NPL Club.
- (b) Notwithstanding paragraph (a) immediately above, if a Player is categorised as an Australian Marquee Player for an NPL Club, he then transfers as a professional to a A-League Club or overseas Club and then subsequently returns to the NPL and seeks to register for an NPL Club (either the same or different NPL Club), he is eligible to be categorised as an Australian Marquee Player.

Points Deduction – Youth Player Advancement

Example: A NPL Club has a U14 Player signed this Season by a National Elite Pathway Team. The Club can choose to have:

- (a) three (3) points deducted (-3 points) from this Season's Points Total;
- (b) three (3) points deducted (-3 points) from next Season's Points Total.

Points Deduction – First Team Player Advancement

Example: A Club has a First Team Player signed this Season by a National Elite Pathway Team. The Club can choose to have:

- (a) eight points deducted (-8 points) from this Season's Points Total;
- (b) eight (8) points deducted from next Season's Points Total.

Points Deduction – Promoted Club

This category applies to Clubs promoted into the NPL, FNSW League One or FNSW League Two or an entity granted a licence to participate in the NPL, FNSW League One or FNSW League Two for the first time. This points deduction only applies for the Promoted Club's first Season following promotion into, or being granted a licence to participate in, the NPL, FNSW League One or FNSW League Two.

Schedule 7: Player Points System – NPL Women’s

- a) The Football NSW Women’s Player Points System applies to the 1st grade and reserve grade squads of the NPL NSW Women’s.
- b) The maximum points total for a forty (40) Player combined 1st grade and reserve grade squad in the 2024 NPL NSW Women’s Competition is 460.
- c) A Club newly entering at the level of NPL NSW Women’s, either through promotion or at the invitation of Football NSW independent of the previous Season’s results will be given an additional fifty (50) points to their PPS cap in their first Season of entry.
- d) The Senior Player and Youth Player advancement points adjustments can be used either;
 - in the same Season the Player moves to the Pathway Program, should the move happen during the football Season; or
 - in the Season immediately following the Season in which the Player moves to the Pathway Program; or
 - in the Season immediately following the move should the move occur outside the Football NSW Season.
- e) Each Club will start with forty (40) Players that are attributed with a points value of 12.5 points.
- f) Once a Player is added to the Senior Squad Player Roster, their points value is adjusted to 10 points, and then further adjusted depending on certain characteristics which result in points being added to or deducted from the Player’s points value.
- g) A Player’s points value cannot be less than 0 points.
- h) The following table details the points adjustment depending on the Player’s history:

Category	Points Adjustment	Criteria
Homegrown Player Deduction	-1 for each season registered with the Club	<ul style="list-style-type: none"> • A Homegrown Player is a Player that has been registered for any period during a Season with her Club’s Youth Teams. • One (1) point is deducted from the Player’s points value for each Season the Player was registered with her Club’s Youth Teams. • The maximum adjustment to a Player’s points value under this category is minus five (5) points.

- At all times during a Season, a Club may include a maximum of 40 Players on its Senior Squad Player Roster.

Australian Player

An Australian Player is any Player who is:

- (a) a citizen of Australia;
- (b) a Permanent Resident of Australia (where Permanent Resident means a Person residing in Australia on a "permanent" visa class issued by the Australian Government, evidenced by either the Person's Visa Grant Notice or as a listed entitlement on the Person's online Visa Entitlement Verification); or
- (c) the holder of a refugee visa, humanitarian visa or protection visa issued by the Australian government. For further details see: <https://www.homeaffairs.gov.au/>.

Visa Player

- Member Federations and NPL Clubs are encouraged to refer to the following website for further clarification regarding visas: <https://www.homeaffairs.gov.au/>.

- For the purposes of the PPS, a New Zealand Citizen is classified as a Visa Player unless he satisfies the definition of an Australian Player. Please refer to the Department of Home Affairs for further clarification regarding the visa status of New Zealand Citizens in Australia: <https://www.homeaffairs.gov.au/>.

Homegrown Player

- A Player does not need to register in continuous Seasons in a Club's Youth Teams to be eligible for Homegrown Player points.

Example: For a Player who was registered for the Club in the U14's and U15's but was not registered with the NPL Club in the U17's, a total of two (2) points will be deducted from her points value for the current Season.

- A Player is eligible for Homegrown Player points at the same time as being eligible for Loyalty Player points.

Loyalty Player

Example: A Player is registered with a Club's Senior Squad in 2020, 2021, 2022 and 2023 (continuous Seasons). If also registered in 2024, they will be eligible to receive their first point reduction of one (1) point as a Loyalty Player in the 2024 Season.

- If a Player is not registered with any Club for a Season and subsequently returns to her last Club, the number of continuous Seasons of registering for that Club will be deemed to be continuous.

Example: A Player was registered with the same Club in 2020, 2021 and 2022 (continuous Seasons), however was not registered with any Club in 2023. If the Player registers with that NPL Club in 2024, it will be deemed to be the players fourth continuous Season with that Club.

- Should a Player move into a Pathway Program, the determination of the continuous Seasons of service will not be deemed to have ceased if she returns to her previous Club. During the Player's time in the Pathway Program, the calculation of continuous Seasons of service will be suspended.

- Football NSW has the right to determine in its sole and absolute discretion as to whether Switching Player points will apply.
- Switching Player points also apply for mid-Season registrations and transfers, including a Player promoted from a Club's Youth Teams.
- Where a Player is promoted from a Club's Youth Team to a Club's Senior Squad Player Roster during the Season, Switching Player points will be applied where the Player's registration immediately prior (e.g. earlier in the 2024 Season) or in the previous Season (2023) was with another NPL NSW Women's Club.
- A Player that has not been registered with a Club for a period of 30 months from the date the Player made his or her last appearance for a Club in a Match will not incur a Switching Player penalty.

Pathway Player

- A Pathway Player is subject to all other categories of the PPS (other than the Switching Player category). For example, a Pathway Player is eligible for Loyalty Player points and Homegrown Player points.
- A Player who departs a Club for a Pathway Program and returns to the same Club will be classified as a Pathway Player provided the Player has remained with the Pathway Program for the duration of their absence from the relevant Club.

Schedule 8: Player Points System – League One Women’s

- a) FNSW League One Women’s Player Points System applies to all participating Clubs for the 2024 Season.
- b) The PPS distinguishes between two distinct types of League One Club Teams: those upon which an age restriction is placed (e.g. U14s, U15s, U16s, U20s) (League One Club Age-Eligible Team) and the League One Club’s senior Team, being the First Team.
- c) The Points Cap applies to each League One Club’s First Team Player Roster (First Team Player Roster) and this First Team is required to remain within the Points Cap at all times. A breach of the PPS during the Season, falling below the minimum player roster, or listing Players in excess of the maximum points cap, will result in a forfeit by the offending Team.
- d) The maximum Points Cap for FNSW League One Women’s in 2024 is 200 points.
- e) The Clubs that are promoted into the FNSW League One Women’s Competition will be granted points deductions dependent on the status of the promoted Club’s Youth program (U14-U20):
 - i. Clubs with an existing youth program within the Football NSW Competitions will be granted a twenty (20) point deduction, or;
 - ii. Clubs without an existing youth program within the Football NSW Competitions will be granted a forty (40) point deduction.
- f) Each Player is, as a starting point, attributed a points value of 10 points, after which her points value is adjusted depending on certain characteristics which result in points being added to or deducted from the Player’s points value. A Player’s points value cannot be less than 0 points.
- g) The following table details the points adjustment depending on the Player’s history:

- At all times during a FNSW League One Season, a FNSW League One Club must include a minimum of 20 Players on its First Team Player Roster and may include a maximum of 23 Players on its First Team Player Roster.
- For the purposes of the PPS, playing in a Match is defined as taking the Field of Play (i.e. in the starting 11 or entering the field as a substitute). For the avoidance of doubt, it will not constitute playing a Match if the Player remains on the bench and does not enter the Field of Play.
- All Players must be registered in the appropriate age-category (where applicable). Any Player who during the FNSW League One 2024 Season exceeds the age-limit for the oldest FNSW League One Age-Eligible Team at an FNSW League One Club (e.g. U20), must be included on her FNSW League One Club's First Team Player Roster.

- (a) a citizen of Australia;
- (b) a Permanent Resident of Australia (where Permanent Resident means a Person residing in Australia on a “permanent” visa class issued by the Australian Government, evidenced by either the Person’s Visa Grant Notice or as a listed entitlement on the Person’s online Visa Entitlement Verification); or
- (c) the holder of a refugee visa, humanitarian visa or protection visa issued by the Australian government. For further details see: <https://www.homeaffairs.gov.au/>.

Visa Player

- For the purposes of the PPS, a New Zealand Citizen is classified as a Visa Player unless he satisfies the definition of an Australian Player. Please refer to the Department of Home Affairs for further clarification regarding the visa status of New Zealand Citizens in Australia: <https://www.homeaffairs.gov.au/>.

Homegrown Player

- A Player does not need to register in continuous Seasons in a League One Club’s Age-Eligible Teams to be eligible for Homegrown Player points.

Example: For a Player who was registered for the FNSW League One Club in the U14s and U17s but was not registered with the FNSW League One Club in the U15s, a total of two (2) points will be deducted from her points value for the current Season.

- A Player is eligible for Homegrown Player points at the same time as being eligible for Loyalty Player points.
- For the avoidance of doubt, a Player is eligible to receive a points deduction as a Homegrown Player where that Player was registered to the League One Club’s Age Eligible Teams, prior to that League One Club being granted a League One licence.

Example: Prior to Club A being granted a licence to participate in the League One, Jane Smith is registered to the age-eligible Teams of Club A between 2010 and 2013 in the State league competition. On that basis, a total of four (4) points will be deducted from her points value for the current Season.

- For the avoidance of doubt, a Player is eligible to receive a points deduction as a Homegrown Player where that Player was registered to the Club’s NPL Reserve Grade Teams while 20 years of age or below at 31 December of that Season.

Example: Jane Smith is 23 years of age in 2024 and was registered to the Club’s reserve grade Team between 2020 and 2021 in the NPL Competition. On that basis, Jane was aged 20 years of age during the 2020 Season and 21 years of age during the 2021 Season, therefore, a total of one (1) point will be deducted from her points value for the current Season.

Loyalty Player

Example: A Player is registered with a League One Club’s First Team in, 2021, 2022 and 2023 (continuous Seasons). If also registered in 2024, she will be eligible to receive her first point reduction of one (1) point as a Loyalty Player in the 2024 Season.

- If a Player is not registered with any Club for a Season and subsequently returns to her last League One Club, the number of continuous Seasons of registering for that League One Club will be deemed to be continuous.

Example: A Player was registered with the same League One Club in 2020, 2021 and 2022 (continuous Seasons), however was not registered with any Club in 2023. If the Player registers with that League One Club in 2024, it will be deemed to be her fourth continuous Season with that League One Club.

- Should a Player move into a National Elite Pathway Team, the determination of the continuous Seasons of service will not be deemed to have ceased if she returns to her previous League One Club. During the Player's time in the National Elite Pathway Team, the calculation of continuous Seasons of service will be suspended.

Example: Player Jane Smith of League One Club A has been part of the First Team squad for three (3) continuous Seasons. She then moves to an A-League Women's Club for two (2) years and then at the completion of her stint with that A-League Women's Club, she returns to League One Club A. This Season with League One Club A will be deemed her fourth continuous Season

Switching Player

Example: Where a Player was registered with a League One Club (**Former League One Club**) and subsequently registers with a Club that does not participate in the League One or NPL Women's (**non-NPL/League One Club**); and having not played for the non-NPL/League One Club in a competitive Match seeks to register with a subsequent NPL/League One Club (**Subsequent NPL/League Club**);

- Football NSW may attribute Switching Player Points for that Player upon registration with the Subsequent League One Club as if the Player had transferred directly from the Former League One Club to the Subsequent League One Club;
- The Subsequent League One Club may apply Football NSW to justify the reasons as to why Switching Player points should not apply.
 - For the purposes of Switching Player points, played means taking the Field of Play (i.e. part of the starting eleven or taking the field as a substitute).
 - Football NSW has the right to determine in its sole and absolute discretion as to whether Switching Player points will apply where the Member Federation is the Competition Administrator.
 - Switching Player points also apply for mid-Season registrations and transfers, including a Player coming from a different League One Club's Age-Eligible Team.
 - Where a Player is promoted from a League One Club's Age-Eligible Team (or equivalent) to a League One Club's First Team Player Roster during the Season, Switching Player Points will be applied where the Player's registration immediately prior (e.g. earlier in the 2024 Season) or in the previous League One Season was with another League One Club.

Pathway Player

- A Pathway Player is subject to all other categories of the PPS (other than the Switching Player category). For example, a Pathway Player is eligible for Loyalty Player points and Homegrown Player points.
- A Player who departs a League One Club for a National Elite Pathway Team and returns to the same League One Club will be classified as a Pathway Player provided the Player has remained within the National Elite Pathway for the duration of their absence from the relevant League One Club.

Example A: Player history of Jane Smith – Eligible Pathway Player

- 2021 - Registered with United FC (NPL Club)
- 2022 - Registered with Perth Glory (WA-League women)
- 2023 - Registered with Brisbane Roar (A-League Women)

- 2022 - Registered with Perth Glory (A League-League)
- 2023 - Registered with Thailand FC (Overseas)
- 2024 - Registered with United FC (NPL Club)

Australian Marquee Player

An Australian Marquee Player is subject to all other categories of the PPS (e.g. Homegrown Player) but will not be subject to the Switching Player category:

- (a) Subject to paragraph (b) below, a Player may only be categorised as an Australian Marquee Player in her first Season with the League One Club and for one (1) Season only in her career for that League One Club. For the avoidance of doubt, a Player is not able to be an Australian Marquee Player in her second Season in the League One with that League One Club.
- (b) Notwithstanding paragraph (a) immediately above, if a Player is categorised as an Australian Marquee Player for a League One Club, she then transfers as a professional to an A-League Club or overseas Club and then subsequently returns to League One and seeks to register for an League One Club (either the same or different League One Club), she is eligible to be categorised as an Australian Marquee Player.

Points Deduction – Youth Player Advancement

Example: A League One Club has a U14 Player signed this Season by a National Elite Pathway Team. The League One Club can choose to have:

- (a) three (3) points deducted (-3 points) from this Season's Points Total;
- (b) three (3) points deducted (-3 points) from next Season's Points Total.

Points Deduction – First Team Player Loan

Example: A League One Club has two (2) First Team Players signed on Loan this Season by a National Elite Pathway Team. The League One Club can choose to have

- (a) six (6) points deducted (-6 points) from this Season's Points Total;
- (b) three (3) points deducted (-3) from this Season's and next Season's Points Total; or

- (b) eight (8) points deducted from next Season's Points Total.

Points Deduction – Promoted Club

This category applies to Clubs promoted into League One or an entity granted a licence to participate in the League One for the first time. This points deduction only applies for the Promoted Club's first Season following promotion into, or being granted a licence to participate in, League One.
